

1)K-LOVE is the ONLY radio station that provides safe and encouraging music for me and my children in this area with no fear of immoral messages. 2)I feel that the community would have a GREAT loss if K-LOVE were to be displaced by an LPFM broadcaster providing other programs. 3)I believe that the service provided exclusively by K-LOVE gives us messages of hope, faith, love, peace and encouragement that impacts our lives on a daily basis in the way of promoting loving our neighbors as we love ourselves. The programming provided by K-LOVE is definitely in the publics best interests because of the profound positive effect it has on our lives and all of its listeners.
